¹Estimated costs listed are based on your fulltime undergraduate enrollment while living on campus.

²Your parent(s) may also qualify for up to \$14,910 in the Direct Parent PLUS Loan. To apply for this loan, your parent may complete the online application at www.studentloans.gov after April 1st, 2015. This loan eligibility is based off an absence of adverse credit history.

³Numerous banks offer private educational loan programs to further assist students and families with college expenses. All private educational loan programs are based on creditworthiness and most banks require a credit-worthy cosigner for approval of loans for undergraduate student applications. More information is available at www.gonzaga.edu/loans.

⁴A Work study award is an opportunity to work, not a guarantee of employment. Earnings are paid directly to the student based on their hourly wage and hours worked. KG
